

Workshop Title: Memory to Cloth: Stitching Daydreams and Experiences

Skill Level: All Levels

Supply List:

We will use fabric, sewing needles, floss and embroidery hoops.

1. Cloth:

Any color of linen, cotton, and/or linen-cotton blend. Keep in mind that thicker fabric and tightly woven quilt cottons can be tiresome to your hands. Any size is good. 12" x 12" is a good size but not a requirement. The fabrics do not need to be "nice and new", sometimes the more worn they are the better.

2. Embroidery Floss:

Bring what you like to use from 6-strand floss to perle cotton or others.

3. Embroidery Needles:

Needles should be the appropriate size for the type of floss or thread you are using. Please refer to a needle guide if you're not certain which needle you need.

Google **John James Needle Guide** and you will find a nice informational PDF to download.

4. Sewing Notions:

Scissors, embroidery hoop, Pencil, pens, or markers, beeswax and thimble (if you use these).

Seat cushion for your own comfort.

Some people bring their own small table lamp and a magnifier.

5. Notebook for doodling and note taking.
